

***Since completing the CTP (Clinical Transition Program) at Mater Private, Steve has worked as After Hours Coordinator, Nursing Project Officer, Project Director and is currently the Capital Works Manager for Mater Health Services.***

“  
Regardless of whether you want to ultimately be a Registered Nurse, a Clinical Nurse, Nurse Educator, Clinical Nurse Consultant, Nurse Unit Manager or anything else for that matter, you really can't go past the Mater Private Grad Program for an excellent start to your career. I would certainly have no hesitation in recommending the program to anyone who wants an exceptional start to their nursing career. Congratulations to those who are successful in obtaining a position to the program.”
